

Summer Conference 2009

Date: June 8-9, 2009

Location: Emmett J. Conrad HS, Dallas

Texas A&M University's Aggie STEM Center (formerly known as NTSTEM) is hosting its annual summer conference this year at Conrad High School in Dallas. The conference will include a working lunch, a copy of our new book on Project-Based Learning (PBL), and a preview to the PBL lesson plan book.

The focus of the workshop is PBL. This dynamic teaching method allows students the opportunity to learn with hands-on methods while stretching their creativity and higher order thinking processes.

Educators can attend a beginner's session or choose to attend an intermediate level for those with experience. Skilled PBL teachers will be there to share their successful classroom experiences.

Registration Information:

- Register on-line at <http://aggie-stem.tamu.edu/register/>
- Send the confirmation page with the check for **\$125** made payable to **Texas A&M University** to
Patrick Carlson
4222 TAMU, College station,
TX 77843
- Discount rate offered at **\$70 for Dallas ISD administrators and teachers**
- Have any questions, please contact Linda Stearns at lstearns@tamu.edu or 979.862.4666

Sessions will also include workshops on professional learning communities, technology, and assessment.
